

Atrichornis 0005

Across

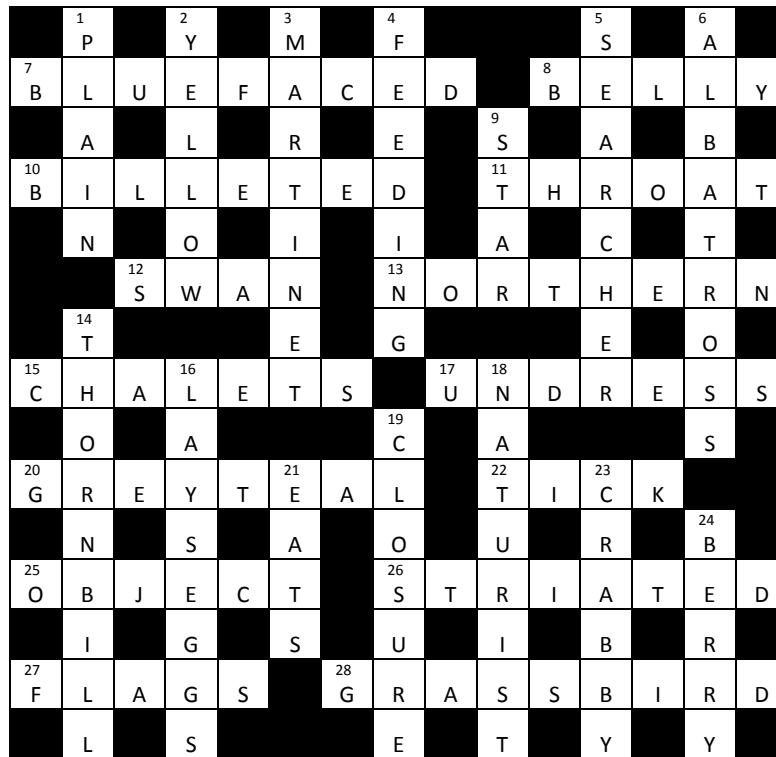

- 7 A sad-looking honeyeater? (4-5)
- 8 A lemony feature of a northern flycatcher (5)
- 10 Put up with beet and dill combination when travelling (8)
- 11 A bird ingests using this – or that! (6)
- 12 Idiots want to hold this bird (4)
- 13 A direction for a fantail or a scrub-robin (8)
- 15 Opens latches for mountain cottages (7)
- 17 What 18D may do openly (7)
- 20 Get early ID on a duck (4, 4)
- 22 Good to get for your bird life list, although not personally! (4)
- 25 Telescope lens I've dropped to make protest (6)
- 26 I started to become a type of 14D (8)
- 27 Tires while banding shorebirds (5)
- 28 Brass grid can be used to locate it in the reeds (9)

Down

- 1 Obvious place to find *Pedionomus torquatus* (5)

- 2 Give a cry of pain for a type of 14D (6)
- 3 A tyrant – or perhaps a small swallow? (8)
- 4 Need fig blend when taking nourishment (7)
- 5 A person who could use research to look for a bird (8)
- 6 Basal sort of wanderer (9)
- 9 Number one finch! (4)
- 14 It becomes a much larger type of bird when it loses its head! (9)
- 16 Rests and urges an activity of a hen (4, 4)
- 18 A person who may be barely interested in birdwatching! (8)
- 19 Commanding officer gets rules mixed up for an emotional finish (7)
- 21 Ingests – initially every albatross tries shrimp to do so (4)
- 23 Unhappy description of a curlew's diet? (6)
- 24 Err by mixing food that many birds enjoy (5)
