

## Atrichornis 029

### Across

- 1 Honeyeater – its tail led waterbird astray (3,10)
- 9 Incorrectly name Bond's original boss (7)
- 10 Unhappy expression on receiving difficult playing card (7)
- 11 These men should know their ropes (4)
- 12 Crazy thing, mid-seventy, perhaps describes an owl's hunting episode (5,5)
- 14 Measured night bird in cunning disguise (6)
- 15 Comes and goes (rather like woodpeckers) (8)
- 17 Paddled the canoe to seabird location (3,5)
- 18 Joins Tuis around the north-east (6)
- 21 Get a regret when twitching common waterbird (5,5)
- 22 I can make out a colourful tern (4)
- 24 Where a Kiwi might get into hot water? (7)
- 25 It's forbidden to mention a raptor in care (7)
- 26 Asian finch – was Truro press involved in publicising it? (6,7)

### Down

- 1 Emigres moving in a flight formation (7)
- 2 Yes, around the key movement for a tropical passerine (5,10)
- 3 Save wild birds! (4)
- 4 NZ robin starts trilling one more time in Tokoroa (6)
- 5 Nested container for small birds (8)
- 6 Start catalogue with entries I'd arranged, like some feathers (10)
- 7 Dead tragedian arranged with me to identify a South American passerine (8,7)
- 8 Shorebird habitat is slated to change (6)
- 13 Brent lacks the means to locate seabirds (5,5)
- 16 Tailless Langur with time, so to speak (8)
- 17 Large cats taking egrets I disturbed out east (6)
- 19 Usually a welcome thirst-quencher (7)
- 20 Rinses out Old World finches (6)
- 23 21A scientifically has some vital backing (4)
